Clothing

jeans
 shorts
 short sleeve shirts/tee-shirts
 long sleeve shirts
 swimsuit(s)
 underwear
 socks
 light sweaters or sweatshirts
 casual outfits (khakis, skirts, shirts)
 fleece jacket

Accessories

bathrobe
 bath/beach towels
 hangers (may be purchased locally)
 laundry bag
 toiletry kit
 sunscreen
 sunglasses
 wristwatch
 belt(s)
 alarm clock/cell phone alarm
 masks

Footwear

sneakers
 sandals/flip flops
 shoes

Required

Passport

Electric Current

Please make sure you purchase the appropriate plug adapters for any electronic device you bring. We recommend that you bring a dual voltage hair dryer or purchase one locally.

Adaptors

Students should bring 1 - 2 Adaptors (3 large rectangular prongs) to charge phones and laptops. A converter is not needed, as most phones/computers are dual voltage.

Linens/Towels

Depending on the campus, you may need to bring linens for your time at Summer Discovery.

Laundry Facilities

Students will do their own laundry at on-campus facilities. (Lessons available!) Detergent can be purchased in Cambridge.

Spending Money

Students must have an ATM or Debit Card for use at local ATM's to obtain spending money. Please advise your bank that the card holder will be travelling to the UK. As a guide, we recommend students have available approximately \$100 to \$150 available per week, to cover lunches, some weekend meals, and souvenirs. The current rate of exchange is approximately 1.30 US dollars per British Pound (subject to change). Do not bring large amounts of cash, as there are no safes available in the rooms or Summer Discovery office. We recommend bringing approximately 50 British Pounds with you for immediate use upon arrival.

Packing Light and Purchasing Items After Arriving on Campus

Please note that college residence halls have limited closet and dresser space and we suggest you pack light. All students will have the opportunity to purchase additional items on the second day of the program.

Luggage

We recommend that you bring one bag with wheels for easy transport, depending on size. Students must claim and carry their luggage to/from our airport transfer vehicles and to/from their rooms. There are no elevators in the residence hall.

Airline Baggage Fees

Most airlines charge fees for any checked bags (varies by airline) and most airlines now charge for bags that are over 50lbs (varies by airline); you are responsible for paying for all baggage fees at time of airport check-in. Please check your airline's website for their baggage charges.

Classroom Supplies

Bring a notebook, pencil, and pens with you for the first day of class. Additional supplies may be purchased in town bookstores. Laptop computers are strongly encouraged.

- Digital Photography students are required to bring a digital camera with manual capability (6-megapixel minimum, a laptop computer, and computer leads for your specific camera are required).

Shipping Items to/From Campus

Details will be included in the Final Bulletin in early June.
